Subject: Uinta Basin Meeting

Greg and Chris

Thank you both very much for calling in to the meeting today and for sticking it out until the end (and sorry for the periodic microphone issues). Pass along my thanks to the other OAQPS folks that called in.

It was very helpful to have your responses to the national FIP issues that came up.

On our next call, if we have one scheduled, it would be good to have a de brief discussion.

Enjoy your weekend.
